Sned order

when client click in home page point number 3 and chose a ar to en or en to ar open  
page register

when register complete can access into all page and sessions time more 12 hours **not  
include time uploads files I hope understand this point**

after get access see

- 1- show 5 setup for order like  
setup 1 → setup 2 → setup 3 → setup 4 → setup 5 →
  - setup 1 ( send order ) chose type extension from 5 type
    - A- txt
    - B- Image
    - C- voice
    - D- Video
  - And all types include all extension with zip rar other

After chose from type Redirect to page include title **Required** & description **Required**  
& notes if he have and check box button are budget limit can chose and enter how  
match can pay for this order

add attachment button or can drop file there like facebook upload photo like other site  
when upload not just button normal can upload to 30 file in one time maximum size is  
500 MB

and add notes if file more than 500MB please upload in OneDrive or google derive and  
share link with us and add option can add multie links maximum 10 link

- Setup 2 upload processing
- After upload done and order upload successful Redirect to setup under  
review setup 3
- Setup 3 From panel and view order can accept or hold or cancel order and  
add a cost for this order and how match **hours will show into sate counter  
down need** then state order go to setup 4 payment
- Setup 4 payment client see a state update show now is setup No 4 invoice  
can pay by PayPal and option client pay by visa or master other card accept  
automatic api paid if pay successful
- Add option can pay by western union page include information us and after  
take it can send forum pay include information confirm transaction and Bank  
deposit like wester union but change info like bank  
and counter down like order will finished or complete in 3 days 16 hours 45  
mints 15 second
- Setup 5 complete and from panel can add attachments work us to client
- Setup 6 client confirm complete order and confirm done automatic after  
72 hours when setup No 5 done
- Form setup 3 to last one client have option edit/cancel order/update

Notes

If chose any one Redirect to form upload

Notes of all setups modality

modality use upload steps

✓ Are budget limited

Chose

check box

Budget entry are per hours

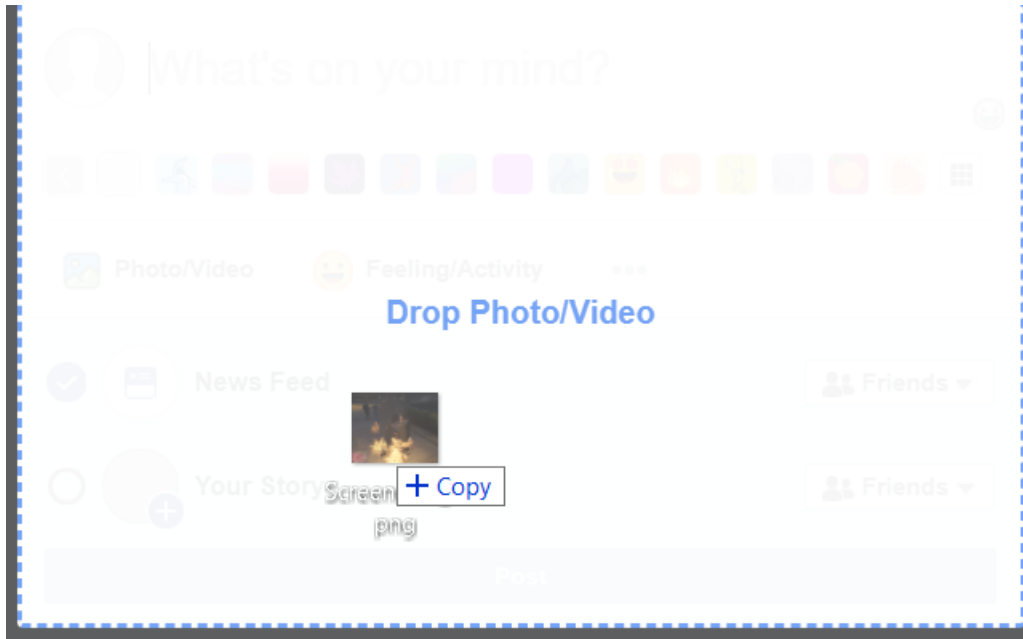

Full project

If tick mark true can add budget and chose pay for hours or full project

Next

Upload from

Like that

With other option general

Don't miss is can upload maximum 30 files in one time and when attachments file show other button you can upload more files to 30 files

And client can see upload state completed /error /can't upload / resume upload and if by mistake leave page show msg box order not send yet or some files under upload are you sure want leave if client accept leave else will stay in page and not reload upload or any think

Title of order your course needed

Deception order your course needed what need sessions include

Can attachments files

✓ Option total hours you need  
team is a Suggestionhours

✓ I don't know let

✓ Are budget limit if true

✓ Budget entry are per hours

If chose I I don't know let team Suggestion can't chose other option like  
limit and total hours

Page service programing and games translation

Chose type operating system

PC	Notes
Max	Notes
IOS iPhone/ipad	Notes
Android	Notes
Play station 2/3/4	Notes
Xbox	Notes
nintendo	Notes
Other	Notes

Next

After client chose type need or can chose multi type and then

Redirect to other from upload

Title

Description

Notes

Add attachments accept word excel power point xml other extension accept with zip

And add note if not see your extension can compression to zip rar other

Before Redirect any order to payment setup

Update state order Under cost calculation and from panel if accept order and added cost or if client chose limit budget show box suggestion cost by tam work

And show a entry cost limit and suggestion cost

Then if click pay Redirect to payment setup

## Payment setup

Visa/master card/ other card accepted online	Notes state will be automatic and your order state will be under review automatic not need to more hold to confirm paid
PayPal	Notes state will be automatic and your order state will be under review automatic not need to more hold to confirm paid
Western Union	Notes state will be automatic on hold to Check the payment process normally take from 4hours to 12horurs not include Holidays
Bank deposit	Notes state will be automatic on hold to Check the payment process normally take from 3 Days to 7 days not include Holidays

## Client panel

From here client can send any comment get work after finished like from And from panel admin get Notifications like new replay other  
And from panel get Notifications any new order ( this line out of this I talk a general get any Notifications for any order edit/update/client cancel order/client delete order/client close order)  
Delete order after client click delete or cancel show counter will deleting or canceling progress into 24 hours after mange confirm order when admin confirm cancel or delete client get a Notifications is done or successful and archived into database like type order deleting or canceling that for admin only have permission show that and client can filter state order and history orders

Mange is typing .... And in panel show name of client and when write show example Sherif is typing .. all that archives and option can send attachments

And need option from panel add new employ  
And new client and what langue can access multi chose what order  
can access only language to other language what I chose  
And already panel include all future all option  
That all basic notes

And other notes or addition a general
